

MAYBE THERE IS A REASON!

MAYBE, WE HAVE NOT BEEN LISTENING

IF EARLIER SIGNALS ARE CONTINUOUSLY IGNORED (I.E. BY INEXPERIENCED HANDLERS OVER MANY YEARS) THEN THE HORSE LEARNS THAT THE ONLY WAY HE IS GOING TO GET HIS POINT ACROSS IS TO DISPLAY A SIGNAL LATER IN THE SERIES, AS HIS LAST RESORT. SO, THERE USUALLY IS A VERY GOOD REASON.

Ears forward - Curious / Alert

Ears relaxed - Listening to sound from behind

Ears flat back - Territorial protection. Be careful!

Tail Flicking - Annoyed or Flies

Resting on one leg - Relaxed

Pawing - Impatient
